Locations:	Hillel House	Severity								
Details of Activities:	We host regular events in our society building. <ul style="list-style-type: none">- Monthly Friday Night Dinners prepared in the industrial kitchen.- Daily Religious Services- Political, educational speakers- Monthly Pre drink	5	Very high - multiple deaths	Risk rating score		Action				
		4	Highly - death, serious injury, permanent disability	1 - 4		Broadly acceptable - no action required				
		3	Moderate - Off Uni/work for at	5 - 9		Moderate - Reduce risks if reasonably practicable				
				10 - 15		High risk - Priority action to be				

	parties		least 5 days		undertaken
People who may be affected:	<ul style="list-style-type: none"> Society members, participants and guests 	2	Slight - First aid treatment	16 - 25	Unacceptable - Action must be taken immediately
		1	Nil - Very minor		

Identify Hazards	Estimate the risk				Evaluate the risk				Evaluate residual risk
Hazard	How may harm result?	Likelihood	Severity	Rating	Risk control measures	Likelihood	Severity	Rating	Further action required? <i>Only fill out if additional control measures are needed to be implemented or reviewed</i> Include timescales and who is responsible for implementation
Burns from cooking	Society committee members preparing Friday night dinners. Burns from stove and hot objects.	3	2	6	First aid kit in kitchen; ensuring committee members are careful when preparing food	3	1	3	There is ultimately still a risk but its reduced and we have had no major issues in the last year

Food contamination	Students eating food prepared by the society committee	2	2	4	Society Committee members have undertaken food hygiene training; ensuring cooked and uncooked foods are stored separately in cupboards and fridges	2	2	4	The risk is majorly reduced, and we have had no issues in the last year
Slipping on stairs outside of Hillel House	Students attending events especially in rainy conditions	2	2	4	Clear the area of wet leaves and make sure people are aware that the steps are slippy	1	2	2	The risk is reduced, and we have had no major issues in the last year
Over consumption of alcohol	Students attending prees drink too much alcohol	3	2	6	Committee regulate drink consumption, only a certain amount is given and not giving to those who are	3	1	3	There is ultimately still a risk but its reduced and there have been no dangerous instances in the last year

					clearly very drunk				
Strain from manual handling	Society committee members carrying / moving heavy equipment	2	2	4	Have enough committee members present when carrying / moving any heavy equipment to ensure the task is not too strenuous on any one member	2	1	2	The risk is reduced and no such issue has been recorded in the past year
Fire safety and electrical hazards	Students engaging with faulty equipment or flammable material	2	3	6	Committee has a designated fire warden in case of fire emergency. Committee also works closely with Hillel to ensure all equipment reaches safety standards	2	2	4	There is still a potential risk, however it is well mitigated and there have been no dangerous instances in the past year

Overcrowding	Large quantity of students attending a popular event leading to overcrowding	3	2	4	Committee members cap tickets at capacity to avoid overcrowding at popular events.	1	1	2	Very low risk with no issues reported in the last year
Safeguarding concerns at events with external speakers	Poor preparation leads to disruption and a welfare risk to students	2	2	4	Committee works closely with CST when running an event with external speakers. Committee thoroughly vets all external speakers	1	2	2	There is ultimately still a risk but its reduced and we have had no major issues in the last year
