

BERTIE FOR WELFARE SEC

(please)

Why me?

- I am passionate about keeping cross country a welcoming and safe society and I will enjoy introducing new members.
- I regularly attend training and socials (of which I don't always remember), so I am a friendly face who is easy to talk to.
- Much more committed to doss than my degree so I will always be around for a chat.
- I am aware and experienced in various mental health charities and the university services available so I can point people in the right direction if they may need it.
- Love Doss and all things yellow. Bonus- I will never been seen in orange.

You if I do get welfare sec:

You if I don't get welfare sec:

Next year's goals:

- As a club, get involved with more charity runs in Leeds to raise awareness (and money) for various causes including those suggested by other club members.
- Collaborate with other societies in fun runs, and continuing events such as the woman's day run.
- Get a better pint time and actually attend the isle of man- I have already asked for the time off next year!
