

# VOTE ANYA

## ABOUT ME:

-I am a first year student who would love to be rec social sec because I would want to be a more active member of the society and make the society a fun, safe and friendly environment by organising socials where everyone can get involved and meet new people.

-I am living with other badminton members next year which means I'd have a strong team effort behind making the socials the best!

-Though my badminton skills are inversely proportional to my enthusiasm for the sport, I would love to be a part of the committee and see the society grow and develop as a community.

## MY GOALS:

-Organise a range of different socials including club nights with super fun themes and chilled socials such as society meals and activities to increase participation and make the society an inclusive environment.

-Organise joint socials with other societies e.g. pub golf/ fridge to fridge to increase society exposure and to create a competitive yet fun atmosphere (and also because I refuse to lose pub golf)

-I'd make sure you look forward to Wednesday nights every week! (even if it involves wearing a silly costume)
