

Hannah Sizer

For Kit & Sponsorship Secretary

Hi, I'm Hannah and I would like to be kit and sponsorship secretary next year. From joining the society in November, I have enjoyed many aspects of it, from making new friends to Mischief Wednesdays. Even though I don't compete, my regular attendance to socials means that I am regularly engaging with other members, understanding what the society would want to wear e.g. joggers with LUUHRC across the bum. I'd love to design clothing that can be worn by social members too, therefore contributing to the inclusive environment and making every member feel special- just like I feel!

My Skills:

- Currently, I am designing posters and brochures for my upcoming assignments, making me comfortable with Canva and creative thinking
- From volunteering at my riding school, I am able to communicate with all riders and work as a team to ensure jobs are completed. This would be helpful when organising sponsors
- I have experience in hospitality, so I am regularly taking phone calls and attending to customer's needs

About Me

- I study Psychology and will be going into my second year
- I have been riding since I was 7 years old and began volunteering at that riding school when I turned 13 years old
- I have only fallen off once (somehow 😂)
