

Vote Oli for **VP**

IG: oli.for.vp

Name: Oliver Rabbidge

Year: Fresher

Age: 20

Course: Environmental Science

Number of planks: usually just 1

**Proposed by: Ellie Pugh (our
current Vice President**

**Seconded by: Emily Mankel (the
president herself)**

Strengths:

- **Staying Hydrated**
- **Avoiding the club**
- **Napping**
- **Keeping the boys covered in
sunscreen**
- **Eating plants**

Weaknesses:

- **Needing to pee at the end of every
ski run**
- **Looking like a girl from behind**
- **Significantly shorter than average**
- **10:30pm bed time**

Attended:

- **Every freestyle
session apart
from girls night
(still not very
good)**
- **Easter trip: Tignes**
- **Various socials
(not till late tho)**

Why Me?

- **Snowriders has been integral to my first-year experience; now it's time for me to give back...**
- **I understand firsthand the positive impact of a welcoming and engaging society on a member's life. Therefore, I will be committed to maintaining the friendly environment that this year's committee have created**
- **I know that as the biggest society at Leeds, it is time for Snowriders to expand to the next level**
- **I can see the potential that Snowriders has as a brand that can offer substantial value to sponsors, who in turn can reciprocate and be generous back**
- **I have connections to various brands that are interested in getting involved with Leeds Snowriders as Sponsors. These include a brewery who could provide a Leeds Snowriders beer, a new energy drink sponsor, a sunglasses brand and a clothing company**

What Will I Do?

- **Leeds Snowriders needs a website**
- **I will work with our merch/ design sec to build this website and get it up and running to sell sponsored products and merch**
- **On this website, we can potentially sell Leeds Snowriders beers, the money from which will go towards supporting the society and making activities we provide more affordable**
- **A Leeds Snowriders beer will also act as marketing for LS, raising its profile so that more people have the opportunity to join and get involved**
- **Through this website, we can also provide print on demand merch, removing the need to buy stock upfront**
- **This will allow us to offer a more extensive variety of merch options, each with more size options (including womens)**

- **On our website, we can also sell our sponsored products while offering exclusive discount codes to our members so you can get the best deals!**
- **Doing so, we also offer our sponsors tangible value**
- **Gone are the days when sponsors offered us only a few cases of their product; I will seek contracts and funding from every brand we promote.**
- **With this financial support, I want to make expensive sports like skiing and snowboarding more accessible to Uni students (who have to pay so much for everything already)**
- **As a snowboarder myself, I'd love to be able to get more people involved in the sport. Therefore I will be focusing on providing more beginner and intermediate lessons for both snowboarders and skiers**
- **We will also be able to use this funding to throw bigger social events, providing environments for everyone to have a great time and form lots of new friendships**
