

# ROLLO DICKS

## For Treasurer

As a boxer of 10 years and a Mathematics student specializing in quantitative finance

I believe I am well suited to the role.

### Coaching

- This year I enrolled as a coaching scholar
- I lead the G.I.A.G session at the edge with help.
- I intend to continue doing this under a level two scholarship this year
- Passed my level one coaching so can now corner for a boxer.

### Careers

- I believe one of the benefits of boxing is unbelievable employability
- However it is overlooked not just by recruiters but boxers alike
- I will provide opportunities and personal support to anyone who is interested in a tightening jobs market.

### Charity

- Yes the social funding; I hope we can also do some charity fundraising as well
- Mainly fitness based naturally but then there is absolutely no ducking out of roadwork
- Opportunity for Charity Park runs, Halves etc. But also team wide endurance challenges, 100 miles In may for example
