

Vote Jeap to be one of your next Musical Directors!

Please I'll be good :)))

My aims for next year:

- Continue the focus on soloing pushed by Anna and Ella this year
- Encourage more audience participation in our gigs.
- I'll do this by introducing tunes like Mambo No.8, I wish and by finding a score for Tequila.
- Would like to try doing Lady Marmalade and Rehab by Amy Winehouse next year as well.
- I'm also a member of JABS so I have access to scores that we could use.
- Would like to get the big band ready for potential gigs at Brudenell and Headrow House.
- Possibly look into a possible little band gig at Rita's bar or call lane.
- Organise music into one google folder that people can easily use to practice for gigs if they can't make rehearsals.
- Also would like to focus on us really sounding tight and together as a band. This will make us sound really sexy and professional during gigs.
