

# IGOR 4 COMMITTEE

I've been lucky to be a member of this amazing society for many years now and would love to help run it in my last year at Uni.

I have a huge interest in motorsport both as a viewer but also as a career path post university. I would love to contribute positively to my favourite society, and I couldn't see myself doing it any better way than running to be on your committee.

## My Experience and Future Ambitions for Motorsport Soc

- Throughout the last 3 years I have enjoyed countless GP watch-a-longs, TdY events, BUKC races and other fantastic events put on – and I want to help keep this going!
- Motorsport Soc is by far the friendliest yet competitive community I've been lucky to be part of, and I would like to add to the way the society is ran next year.
- I am looking forward to making a positive impact on the events offered by the society and make sure all members enjoy being part of this society as much as I have. A key aspect to this will be a mixture of putting my own ideas forward, and listening to member requests and feedback regarding what kind of events you would like to have running.
