

Leadership skills:

For 4 years at my old dance school I volunteered to teach dance for all ages. I have the patience (aha) and the ability to help communicate for which ever way suits your style of learning whether its to counts or the music.

I have learnt when to be stern but more importantly how to keep the fun flowing in dance especially in stressful times such as comp!!

My aims for comp next year:

- To choreograph pieces that everyone loves and will remember as part of their expose experience
- To carry on the great solos and duets and maybe a trio Miss Maiya created
- I would love to maybe not only do Jazz and lyrical but a wildcard or hip hop genre as I know we were all blown away by them this year at comp!!
- Also have some technique classes so we can expand our skill sets in the dances

Grace for Comp Captain

Why I love Expose:

- Expose relit the fire and passion I have for dance. Not only allowing me to dance again but be part of a dance family.
- I love how supportive everyone is and how we stick together as a team and make sure no one feels left out.
- I felt so welcomed with no judgement but the freedom to dance and be me. My only wish is to be able to do the same on committee for the freshers and everyone else.

Choreographing:

I absolutely adore choreographing and creating pieces people love (burlesque girls?)

I take many inspiration from the workshops I took part in and the many choreographing experiences at my old dance school

I have choreographed for any size group and am excited for the challenge of our massive comp team!!

Why I wanna be comp captain:

- I have been competing since I can remember so I know the nerves and effort it takes
- Being part of the team here I have a rough idea of how things work
- To see my work come to life and have everyone enjoying it no matter where we place would be such an honour
- This would be such an incredible opportunity that I would love to boast about (already thinking of dance ideas ahah)

Why I would be a fab comp captain:

- I will work hard to make sure the dances are amazing!!
- I work great in a team as I know this year we will be having 2 captains
- I have connections to other dance societies and would be able to communicate about locations and working together??
- I have loads of experience in competitions of all different levels
- I am organised (helping me survive medicine)
- I love how we work as team and I enjoy having feedback or input from others which I think would be great for getting everyone involved so we all LOVE the dances!!
