Muhammad Patel

Friendly, Approachable and Committed Individual

Throughout Year 1, I would like to act as your advocate and address any issues you may have.

I think that no two people are same and that everyone experiences highs and lows in life. When life catches up with you, I want to make sure you're still inspired and motivated, and the University is doing all it can to support you.

I hope to represent the 283 of you in the same way I did for my peers in Gateway. I have the experience and knowhow of addressing and raising issues in Course Management Team meetings. So vote for me for a positive, fun and safe environment!

**PS: The Weekly To Do Lists
Will Keep Coming Too!**
