

Issy for Class Rep

Hey, I'm Issy and I'm a second year pharmacology student. I have been part of modern and ballet society throughout my two years at uni, easily being the best part of uni life. I've danced since I was 4 training in all styles and taken part in lyrical and tap classes and been lucky enough to compete in tap, lyrical, contemporary and ballet.

- When managing class allocations I'll ensure the fairest decisions are made and do my best to enable everyone to have the chance to dance in the classes they love!
- My high level of organisation will benefit this role, enabling me to stay on top of all thing class admin.
- Id love to extend the role and offer additional stretch/technique classes throughout the year.

Above all, I would like to be a friendly and approachable person for you all throughout the year, someone you can come to with any questions/concerns and Ill do everything I can to help.

This society has been a fundamental part of my uni experience, where I have formed my closest friendships - so I would love to have a greater involvement in the society in my final year!
