Heya! I'm Maz, and I'm so excited to be running for Social Media Officer for DiceSoc next year!

I'm a newer member to DiceSoc, and to TTRPG's in general, but have loved learning and playing a variety of different systems. D&D has become such a big part of my life over the last year, and has introduced me to some of my best friends, so I hope to continue to promote DiceSoc so others can share that same feeling!

As Social Media Officer, I hope to keep everyone updated and informed of all society events and promote the society to newcomers with engaging posts!

I have experience helping run society social media accounts from previous committee experience, and I love using different mediums to showcase my creativity.

D12 is the most edible dice no further questions.
