

VOTE ELENA for President!

I have been a member of WILS for 3 years now, and I have **loved every second of it!** I am running for WILS President so I can continue contributing to the **incredible community** that I have been so fortunate to be a part of.

Strategic Partnerships Intern

I propose:

- Increase number and diversity of partnerships...** Next year I would like to find more sponsors and partners, especially in industries like STEM, consulting, marketing, and law
- More employability workshops...** I want to strengthen our partnership with the Careers Centre to deliver skills workshops focusing on LinkedIn, CVs, and assessment centres
- Introduce a new WILS alumni network...** We are so fortunate to have so many incredible women as part of our alumni network. We should take advantage of these connections so that we can keep supporting each other after graduation!
