

Alana Crosby

Vote Alana for 2026/7 FemSoc President

About me:

I am a 1st Year Spanish and Italian student and I have been attending feminist society events this year and have loved every second!

That's why this year I would love the opportunity to be president of the society to help make a difference at Leeds

As president I will:

make FemSoc a safe space for ideas and opinions and I will always be there to listen. I will also always make our voices heard in chair meetings

I would also love to carry on some of the amazing events we have done this year and work with the committee to think of many more great events and demonstration ideas

Ever since I was a young girl feminism and equal rights have been my passion and I would love to share this with the rest of the society!
