## GET TO KNOW ME!

Hi everyone! My name is Shu and I'd love to be your next Careers Sec for the 2026/27 academic year.

I'm a second year law student on the 3-year LLB course and my international background gives me a unique perspective on navigating legal careers and opportunities. If elected, I hope to expand career events, bring more diverse opportunities, and help you feel more confident about your future career!

## MY SKILLS AND EXPERIENCES:

### LawSoc Careers Sub-Committee

- Working in the Subcommittee this year have given me a good understanding of the role of Careers Sec. I've helped organise multiple career events including the Annual Careers Dinner and also co-produced the Commercial Awareness Newsletter (my favourite thing ever).

### Semi-Finalist, Internal Negotiating Competition

- I also participated in the Internal Negotiating Competition this year and have reached the Semi-Finals which means you can trust me to bring strong professional skills and strategic thinking to the Committee.

### CEDR National Negotiating Competition

- I also represented the University of Leeds in the Leeds Regional Heat of the CEDR National Student Negotiation Competition, negotiating complex disputes against other universities - another amazing experience that helped me strengthen my commercial awareness and communication skills.

### Some more legal experience

- I've also helped organise career webinars and panels with barristers from leading chambers such as King Chambers, 6 St Andrew's Hill, 33 Bedford Row, Spire Barristers, and coordinated a session with a senior associate from Eversheds Sutherland!
