

Carys for Welfare Sec!

About Me:

My name is Carys and I study medicine!

I enjoy running, coffee dates and reading. I am also chronically online (so expect fast replies if you need to reach out).

Why me?

I do not only love my role as a Beside Buddy but also the incredible community among the other volunteers. I want to help maintain an inclusive, supportive environment and encourage opportunities for volunteers to connect.

I hope to be a friendly face that any volunteer feels comfortable to approach, whether to discuss a worry or just to have a good yap.
