

# Ben wilson for gear sec

I would love to be on the committee for next year, it's amazing what they have achieved this year with bringing through so many competent climbers and I'd like to be a part of helping more climbers reach their potential next year

I'm applying for gear sec as I have good knowledge of trad, sport and bouldering equipment from my many years of climbing. I also have a car and lots of room in my house next year so I can store more than enough equipment

Here are a few more reasons i'd be a good fit

1. I have a car so can do quick drops with gear all around leeds
2. I'm passionate about equipment and will care for it as if its my own
3. I do sometimes go a bit overboard and take too much gear but that is only because I love it so much

4. As long as you promise to look after them you can use my nuts anytime ;)

5. And that is why I will be the best candidate for the role
