

MORGAN FOR CAPTAIN

Name(s): Morgan Wrigley, Wriggles, T-Wrigz, Arc'trex

19 year old silly fresher doing Biological Science

Proposed: Freddie Fresher Taylor (el presedente)

Seconded: Ella Williams (current Captain)

Preferred way to stack it: Ski and a side of snowboarding

Events attended: All freestyle, BUCS, Kings, Ladies Night, Parkology, all socials, both trips, A-jam

Strengths:

- Freestyle sessions on skis and snowboard
- Will straight arm a pint anywhere
- Made it to BUCS (unlike some...)
- Ski instructor (I know right, never mentioned that before)
- Getting stolen passports back
- Drunk side quests
- 90% Absinthe
- Skied since the age of 3
- Chair lift snacks and portable charger provider

Weaknesses:

- Short arms (hence T-rex)
- Hungover chunning (BUCS, side of the slopes, bus to freestyle)
- Snowboarding at Kings
- Loses phone most nights (got it back every time)
- Will fall in love with anyone that pulls a misty five
- Wasteland Reps
- 90% Absinthe
- Can't remember most night outs

Steez and chopping pints since day one

Why me?

Skiing has brought me some of my best mates, lifelong memories, and a fair share of bruises. From weekly freestyle sessions, to racing at Kings, and competing in BUCS for freestyle I've loved every chaotic second.

I want to create an environment where beginners feel encouraged by having more lessons available and experienced riders feel able to try new features and tricks.

After sixth form I moved to Japan to become a ski instructor for the season. That season solidified my love for the sport and sparked my passion for helping others learn. As your Competition Captain, I'll bring that same energy, dedication, and love for teaching to the role.

As Competition Captain, I'll bring even more wins, medals, and free booze. I want to help everyone feel confident whether it's their first race, first 180, or first time not falling off the lift.

The love hate relationship with the tube

Dangerous day to be a slope

My aims as Captain:

- Even more beginner and progression lessons. Especially in the weeks coming up to trip time so everyone is feeling as confident as possible.
- Keep up good relationships with Cas to ensure affordable sessions.
- More subsidised Graystone sessions and add trips to the local trampoline park to allow us to get even sendier.
- Add end of term merch awards for the most improved and the best trick of the term.
- Encourage more women into competing at Kings and BUCS by keeping up the tradition of ladies night and working with Jibworx Girls Archive.
- Have Cas meet with different close unis, such as York, to be able to learn from even more people and make new friends.

My two fave things: flames and skiing

Après runs in the family
