

# Vote Kabir for Social Excursions Secretary

Hi guys, my name is Kabir Jain and I am running for Social Excursions Secretary! I am sociable person who loves to travel to new places and enjoy the scenic views of the beaches, mountains, and the night lights of the city centres and I hope to be able to bring more travelling opportunities to those in the Law Society.

## My Ideas

- I am looking forward to plan frequent trips for LawSoc where one has the chance to socialise in multiple cities.
- It would be an informative trip where one not only explores the city but also learns about the culture and tradition on a limited budget.

## My Experiences

- I had planned a Europe trip with my friends to the enthralling cities of Amsterdam, Budapest, Prague and Cesky to embed the experience of the movie ZNMD with my friends.
- Currently, I am planning a summer trip with my friends to Italy, Greece and Spain to recreate my past experiences.

## Why me?

- I am the person who would be there for you whatever be the case and will never leave you behind.
- I love to travel to new places and mesmerize everyone with the hotspots of the town.
- Lastly I will give it my all to make your trips the best experience.
