

Léo Jaines for Model UN Vice President

About me:

Hi I'm Léo a first-year student who has developed a passion for Model UN way before coming to Leeds getting awards at LIMUN High School at my very first conference.

I'm passionate about MUN and contribute every session making others feel comfortable to make their voices heard and engage in the fun.

Vote Léo. Not even the security council would Veto this level of charisma.

My goals as VP

1. Keep engagement high by creating a welcoming space for newcomers to get involved.
2. Make Leeds MUN a reality
3. Book more small lecture theatres to create a more realistic UN experience
4. Improve study guides and provide them earlier
5. More socials.
