

**≡ EQUALITY ≡ Hermy**

# **for Equality, Diversity and** **Inclusion Officer**

Hi everyone! I am a 2<sup>nd</sup> year adult nursing student passionate about public health.

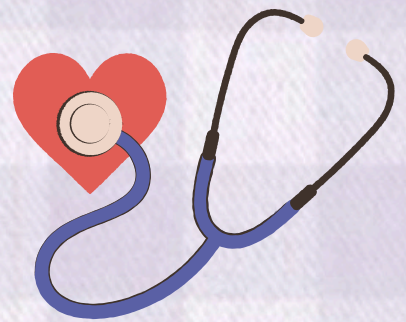

## **Experience:**

- Treasurer for the Students for Global Health Society for 2025/2026.
- Hosted a talk for SfGH on Health Inequalities
- Dementia Friend - Fundraised for the Alzheimer's Society in Secondary School and presented slides to address common misconceptions

## **Aims:**

- Collaborate more with the amazing charities here in Leeds
- Make our nursing society as inclusive and accessible as possible, a welcoming place for everyone to relax outside of their studies!
- Introduce peer mentoring for 1<sup>st</sup> year students to support the start of their nursing journey and help them adjust to university

I love learning about different cultures and meeting new people - I believe it is very important that we celebrate the differences that makes us unique and that we support each other when we can, especially with how challenging our course can sometimes get.

**Thank you!**
