

Millie for General and Welfare!

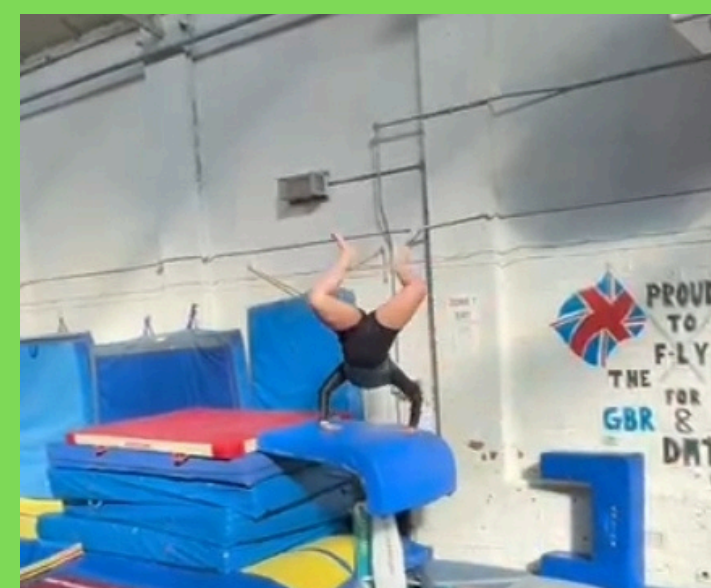

A little about me...

- I am a first year Philosophy, Ethics and Religion Student
- I have been involved with gymnastics from the age of 11 competing on my squad for around 5 years, right up until I came to university!
- I was a volunteer coach for just under a year for both recreational and WAG squad gymnasts
- I have been competing in intermediate for the majority of this years competitions and have thrown some very questionable vaults at each as we try to get over my mental block lol!

Why vote for me?

- I have been actively involved in this society all year, attending trainings, socials, sober socials and competitions and can't wait to continue this next year and would love to be involved in the committee!
- With the nature of my course having low amounts of contact hours, I will have lots of time to dedicate to my role within the society, ensuring it is done to the best of my ability.
- My degree has three elements to it, which has allowed me to work on my organisational skills, building the qualities required for this role.
- I am extremely conscious and passionate about the welfare of the people in this society, with a passion for studying ethics.
 - I want to be the friendly face anyone in the society can rely upon! I can work well with others, and have a good relationship with many of the existing members already.

VOTE

MILLIE!

What I plan to bring to UOLGC...

- I hope to allow others to enjoy gymnastics to the same extent I have this year!!
- I would want to design a set list of welfare policies for gymnastics based upon guidance from the union and input of members. This will be constantly edited throughout the year to ensure it is the best fit for the society.
- I would then operate a strike based system where punishment is relevant to each circumstance, and can result in removal from gymnastics, ensuring a safe and comfortable environment for all.
- I would provide anonymous and named feedback forms in an accessible area, along with the unions form for any external reports, sending reminders monthly of their location.
- I would want to hold in person meet ups with all members of the committee allowing members to have a dedicated time to discuss any queries they have.
- I would plan to be involved in more diverse range of nationally recognised events, providing lots of information and links within the Instagram to helplines and websites.
- I plan to continue the normal society events for the charities we currently partnered with eg. bingo events for BEAT, while engaging in other fundraisers including scavenger hunt around Leeds, 24 hour split challenge, dodge ball/ sport matches, old book swaps etc.
- I would actively try and find new sponsorships for the society, whilst upholding a professional relationship with Pickard Properties, Redbull and White Claw.
