

Oliver Tolley is by far the best candidate.  
**#VOTEOLITOLLEY**

**Who am I?**

I am a Third-year automotive engineering student who has been a taekwondo practitioner for over a decade and a half. I recently won impact athlete of the year within the UK national squad, and am currently shortlisted for both athlete of the year and instructor of the year

## **My Goals for LUUTKD**

### **Specialised Deep Dive Sessions**

Once a month, one session will be dedicated to a specific ITF element – such as power breaking, step sparring, or special technique.

### **Standardized Curriculum**

I will make the syllabus for each grade easily accessible to all members, so members will have clear resources to access and practice with outside of class

### **Quality Control**

Implementation of monthly anonymous Training Surveys to ensure the committee are doing what's best for the club

### **More Socials**

Alongside our regular old bar reservation, I aim to increase the number of socials we do as a club

### **Attend More Events**

I want to do more Taekwon-Do outside of the Uni, whether it be seminars, competitions, or conferences the more opportunities the better

**#VOTEOLITOLLEY #VOTEOLITOLLEY #VOTEOLITOLLEY**

**I aim to push this club onwards and upwards and ultimately transform it into what our members want.**
