## Ella for Netball Sec!

I'm Ella, a second year
English Lit student. I love
netball as it's an amazing
opportunity to make friends
and deal with student stress!

## Why should you vote for me?

I'm keen to get the English team back in the league so we can get some game time. & compete against other societies! This is a great way to meet other netball lovers at uni

I want to ensure that our team is accessible for everyone so training sessions will be fun and catered to all abilities, even if you've never played before!!

Of course, socials are a massive part of what makes netball so enjoyable and whatever you're into, there will be something for you (bowling, Otley run, days in Hyde park & meals out!)
