

Cerys May- Vice president

Random facts about me:

- 2nd year Mental health nurse going into 3rd year (still unsure where I want to work).
- I'm obsessed with dinosaurs!
- I love a Chinese takeaway!
- I play 4 instruments (admittedly not very well tho!)

Reasons why I would love to be secretary for the nursing society 2023/24!:

1. I love the society and what it provides for students e.g. fun social occasions that can help us to take a break, relax and party! As well as providing additional information, experiences and help and well being support.
2. I have lots of ideas of events and additional opportunities/discussions to help us student nurses get the most out of our time at Leeds (It seems to be going so fast!)
3. I love working in a team and getting involved in a bit of everything!
4. I believe I have skills and experience such as good leadership, relationship building and being creative that are all very applicable to the role and would help me to be a really good vice president.
