

I promise to take photos at every event...

# VOTE JEN FOR EVENTS SEC!

## ABOUT JEN BROWN:

- Will be a Final Year Geography Student.
- An absolute fiend for Monday Night Run.
- Have been on a placement this year working for Škoda UK as a Supply Analyst. I have become a firm friend of excel, teamwork and organisation.
- So dedicated to the Isle of Man 2024, I missed my flight home. I'd do the same for all our events.
- Proud slow pint racer (26.5 seconds (inclusive))!

I had the best time at Mountain Hut last year and think it could be fun to organise more events away. Perhaps a trip to hot and sunny destination to run a half marathon... :0

I'm married to good events. Joining XC has been one of the best things I've done at uni. I'd like to make sure fun ensues. Commit to Jen for Events ;)

During my placement I have worked on a range of high-profile events, like Crufts UK and the British F1. **I am no stranger to a well timetabled day and clipboard!**

At Leeds Relays 2024!

I understand the importance of the Leeds Relays & Varsity to the Club. It's our opportunity to show our competition that we really are the best at everything: running, pint racing and well-run events.
