WHAT WILL I ADD?

• Opportunities -

- Create more chances to get involved within the society by ensuring sub-committees are more centralised. E.g. a careers subcommittee who can compile weekly commercial awareness updates.
- Coordinate with the Law School and sponsors to ensure all opportunities are advertised to our members, and that these clash as little as possible.

• Inclusivity -

- Continue to push for a wider variety of socials e.g. sober socials, .
- Collaborate with non-commercial and smaller firms to provide a more inclusive range of careers opportunities.

- Work closely with the Non-Law Rep to ensure the role is properly developed.

• Connectivity -

- Introduce a 'Law Soc Families' scheme to lessen the divide between yeargroups in an informal manner, as well as providing mentorship.
