

SOPHIE FOR VICE PRES!!

About me :)

- First year Liberal Arts student
- Co-directed NOTHING
- Acted in Macbeth & Bye Bye Baby

WHAT I WOULD DO AS VP

- Work closely with freshers, making TG more approachable for new members.
- Further improve the shadowing scheme by dropping into rehearsals and pushing their importance to open the society more to people with no experience in prod teams!
- Would also work closely with treasurer and social sec to improve socials for the society, further making TG a more open and accessible group, especially for newcomers.
- More frequent socials, whether that be weekly drinks in Terrace or big theatre trips around Leeds.
- I would also love to include other performance societies in some of these trips, allowing members to get to know each other and work more collaboratively!

WHY I WOULD MAKE A GOOD VP

I am dedicated to TG as seen with my involvement over the year in shows, prod teams, workshops etc.

My experience in both casts and prod teams allows me the knowledge to help whoever needs it!

I am able to relate to younger members making committee more approachable so encouraging newcomers to get involved!!

Fundamentally, I want to make TG even more welcoming and social & make next year's TG best, sooo...
