Why I'm perfect for the job...

Through my social medias, I have worked with brands before so I'm used to having to communicate with companies to negotiate the best prices to keep things cheap and cheerful for you guys and make the most of your money.

I have travelled to many countries so have experience finding the best deals for accommodation and ski hire and I am always taking notes of the cheapest drinks places ofc.

After attending both Xmas and second week, I've gained an insight into the requirements of the role and have first hand experience into what make a trip memorable so will further implement this.

MILLY 4 HOLIDAY

What would I do:

- **GO BIG OR GO HOME:** Keeping the après, après après and clubbing HUGE by bringing in big headliners and continuing to involve Leeds by allowing our own DJs to play sets. I'll do this by working with social sec to have the best themes and events planned for the best vibes.
- **CLEAR COMMUNICATION:** Use the Instagram polls and questions regularly to let you guys have your say in who you'd love to see and allow any queries to be constantly answered to make the trip flow smoothly for everyone.

If I win I will get a ski related tattoo

- Put my degree to use and bring in a new initiative towards ECO FRIENDLY PRACTICES. I'll use our social media platforms to host a gear swap and donations before the trips in efforts to recycle and reduce waste. This will help newbies find a cheaper way to get kitted out to be able to come on the trip!

↓

This will be able to promote **INCLUSIVITY** by actively enabling all abilities of Snowsports to get involved so they don't miss out on the great opportunities.

↓

Alongside the social sec/ treasurer I'll organise pre trip raffles to give out steezy gear and be able to use the profits to provide **DISCOUNTED** CAS sessions and trip costs further allowing more people to get involved on the slopes ready for the trip.

- Continue maintaining current relationships with tour operators to secure the best deals and make sure your money is being used as efficiently as possible to keep prices low.
- From experience the Xmas trip is great kept as just the small crazy lot so I'll continue to keep this intimate for maximum shenanigans but the easter trip will be kept hugeee for everyone to make tons of memories.
- Overall, my aims are to bring in environmental approaches, continue including all abilities, get new big headliners and give you guys the...

MAXIMUM EXPERIENCE FOR MINIMAL COST!

Making your low cost dreams come true ;)
