Alicia Steele
FOR YOUR LUMPS
TREASURER

About Me

Hi, I'm Alicia, a current 4th year medical student, and I'm running to be your next Treasurer for LUMPS!

I've really enjoyed being involved with LUMPS this year — from the teaching series and paediatrics placement preparation, to attending the conference and exploring paediatric electives. I'd love the opportunity to give back and help the society continue to grow.

Experience

- Previous experience as Treasurer of the Mountaineering Society
- Experienced in managing society finances and budgets
- Understand how important collaboration across the committee is to make events successful
- Confident using Engage and handling society admin
- Keen to transfer these organisational and leadership skills into LUMPS

Ideas for 2026 /2027

- Work on securing more funding and sponsorship opportunities
- Keep event and conference prices as affordable as possible
- Support continued growth of LUMPS
- Help expand accessibility and opportunities for members, including teaching, conferences, and careers exposure
- Ensure finances are well organised, transparent, and sustainable

My goal

To help LUMPS continue growing as a supportive, accessible, and engaging society for everyone interested in paediatrics.
