

About me

I'm a second year Psychology student who would rather be an arts student. I've found a love for writing and drawing this year and want to make creative expression more accessible to people who are new to the scene.

For Head of Digital

Why Me?

- I have written for Lippy and created art works for other student publications i.e. Scribe + The Journal
- I am interested in visual arts and writing so will be able to handle submissions from both areas and will be able to work with the Head of Marketing and design to ensure online Lippy has a cohesive aesthetic with the print + social media

What I'd like to achieve?

- I'd like to make lippy more inclusive, focusing on encouraging new writers + artists to submit to online
- Promote Lippy online so that it has the same recognition as the print
- Increase collaboration between editors and people submitting works so that writers can develop their style
- Continue to make Lippy online professional and a platform to present student creative creations
