

# Neva Lynch for Welfare Officer

## About me:

I am a first year Ancient History student who joined Her Campus on a whim, but it has been the most supportive and friendly society. I want to recreate the engaging vibe and ensure everyone feels just as welcomed as I did when I first joined. I understand how important it is for everyone to feel included in the discussions in order to expand the societies creativity, so I hope I can be a friendly face for people to come to if they ever need any help or assistance.

## Fun Facts:

- ★ Favourite musicians: Mumford and Sons, Florence and the Machine, and The Wanted.
- ★ Favourite films: Avatar (the blue people), How to Train your Dragon, and anything Spiderman
- ★ Hobbies: All I do is play Tomodachi Life in my free time
