

Lucy Naylor FOR VICE PREZ

Hi Guys! I'm Lucy and I am currently a second year studying Economics and History. I have now competed with modern for two years in both Contemporary and Lyrical teams, and have recently picked up Jazz as a new style! Alongside this, I am also a member of Ballet society, whom I also compete with!

This year I have had the privilege of being modern's treasurer, which I have absolutely loved. As an executive role I have gained valuable insight into the workings of the society and communicated with the whole of committee. I would love to continue my work within modern as your VP!

Some Goals!!!

- Continue to develop the social aspect of our society (Wednesday nights of course) but also more chill chatty socials.
- Continue moderns collaboration with Ballet, but also continue to develop friendly relationships with other dance societies in Leeds.
- Get modern to win team spirit at least once this comp season!!
- Tik tok fame for modern
- Most importantly ensure that the love within modern I have experienced can be felt by the whole society!
