

NIKOLAI GIAMPIETRO

AS

SECRETARY

2026

Hello! My name is Nikolai Giampietro and I am running for the role of Secretary at Leeds Model United Nations

When looking at different universities to join for International Relations, a key selling point for me was the addition of an active Model UN society/activity, and after discovering LeedsMun, that was a factor that motivated me to join the university.

Attending consistently every week, I have really enjoyed every session and every topic, actively developing my skills in public speaking, improvisation and MUN Rules of Procedure

After gaining confidence from my peers and the current committee and Leedsmun, I participated in two MUN conferences, winning an award of Most Improved at ManMun and getting selected to go to Limun

Following 7 months of regular participation, I have gained the confidence to want to give back to the society and improve it and engage with it as much as I can as Secretary with the rest of the newly selected committee.
