

Elizabeth Kemp

• Why I'm running for the position •

I am running because I want to make a positive difference to this course. I think the education we get is the basis of what makes us good doctors.

• What can I offer •

I can offer a happy friendly face that you can talk to about the course. I will bring your concerns about the course and raise them at the CMT meetings so improvements are made.

• Any plans I have for the role •

I will voice any concerns people have, whether they've told me or voiced it on a group chat, I'm here to listen. I will also make sure the concerns are listened to and acted upon.

• Why should you vote for me •

I am very friendly so easily approachable and easy to talk to. This means it will be easy for you to voice your concerns to me. I will also not be afraid to raise these concerns.
