

vote ellen for social sec!!!

Hey everyone! My name is Ellen and I am running for social sec this year! I am running because I have genuinely met some of the nicest girls through the society and would love the opportunity to organise even more events so everyone can have the same experience!

Who?

I am currently a second year student studying English and Sociology.

Why me?

Meeting new people and making new friends is one of my favourite aspects about university, and I know how important it is to have a little extra support throughout the year. I would love the opportunity to organise some of these events, and I know it will be so much fun getting everyone together and involved!

Ideas?

- Branch out to a few new locations, such as RPP and Walkabout for night time socials.
- Encourage more sober socials so that everyone can get involved! e.g. pizza night + bowling
- Involve even more fancy dress nights (that won't break the bank!) as a wacky outfit always encourages more fun.
- Potentially organise a joint social later in the year, encouraging more joint honours students to come along!
