Engineering:

A true engineer must have a garage workshop at home, with stuff that 'will be useful someday'.

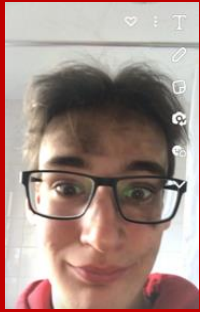

Speaker and phone mount 3D printed:

Made this for those that have no space in their rooms for a drier (me):

Really an engineer if you do not look like you're a 19th century chimney sweeper? :

Huge congratulations on graduating from the Circl programme! 🎉

I wanted to say a big thank you for being part of this Circl cohort. It has been an immense honour to see how far everyone has come and I feel very privileged to have been able to connect with you all. Today's speeches were very special to listen to, thank you for letting Circl facilitate a space you felt comfortable contributing to.
