

Tom K=C for Charity Sec

Hi everyone, for those that don't know me, I'm Tom and I'm a polo player going into my final year of Civil Engineering. I'd love to be your Charity Secretary next year to help SWP fundraise lots of money for some great causes.

I've got plenty of experience organising and running events from being welfare sec and am keen to do more for the society. I've organised charity events before, spurring my year 8 class to raise £1800 as 'Form Captain' :).

I've taken part in lots of charity events before such as the Race2Porec and Yorkshire 3 Peaks (also attempting Movember despite my feeble blonde tache) and will be wholeheartedly joining in with many more, including the half marathon coming up (a bit too) soon, in which I'll be showcasing Dirty Leeds kit.

What I'll do:

- Get more people using the Percent and EasyFundraising Apps.
- **CHARITY EVENTS** - We're talking sweepstakes, Movember, absence of clothes in front of a camera, running, walking, muddy stuff, challenging things and of course the charity gala and polo matches. I'll continue with all the events done this year and spice it up with a couple new ones as well!
- I'd like for SWP to support both a big charity and a more local charity and I'm open to any suggestions for events we could do. We could get some competition going again, not just within the society but with other university societies to raise more (I'm sure we could get the Leeds Lacrosse boys on board).
- Make sure everyone knows how to get involved, feels welcome to get involved and knows where they can donate if they want to.

I will do the best I can to dynamically fulfil this role and help SWP to raise lots of dosh!
