

Who I am

Hi there! I'm Stella, a soon to be second year Sociology and International Relations student with a love for debating, quirky earrings and picnics and I would love to be the debate society's social media coordinator next year :)

Debate has been one of the best parts of my first year (the pic of me is after a great day out competing with other Leeds debaters :)) and I'd love to do my bit to contribute to the smooth running of the society next year.

What I'll do

- publicize the society through social media to get more people involved in this wonderful community

- answer all questions newcomers and current members might have and create a welcoming no-pressure environment where everyone feels at ease

- keep all members updated on social events, weekly debate schedules, competitions etc...

- create a space where everyone can contribute to the functioning of the society (submitting potential debate topics, ideas and suggestions) working closely with all the other members of the committee

I know how intimidating joining a new society and putting yourself out there can be, as I was very shy at the beginning of this year. But a wonderfully welcoming society and super helpful and friendly social media platforms really made me feel at ease joining debate (and it was the best decision I made!).
