

VOTE EDEN FOR SECRETARY

Hello! I'm Eden, a third year who's about to start a script writing MA, and I'm a LUU theatre soc regular. I've been involved in a few TG and OT shows over the last three years, including the New Writes Festival recently. I've been the Vice President on OT committee for the last year and now would love to try something new by running for TG committee!

BEING PART OF COMMITTEE

With Secretary being a part of Exec, Secretary needs to be a big part of the TG team.

- I've loved being VP on OT committee this year. The requirements of the role are very similar to to TG's secretary. I had a close relationship with the President of OT and learnt a lot about how to run a society and how to support the President and effectively work as a team
- I know how to listen to the rest of committee's worries and ideas to make sure all voices are heard, as well as the voices of the rest of the society

ORGANISATION

Organisation is arguably the most essential trait for a Secretary.

- I'm running LS6 Theatre for OT's Fringe right now so I am very aware of how to organise bookings, keep up to date on emails and work through society issues as that's what I've had to do with organising Fringe which is very transferable to a Secretary

SUPPORTING TG

- I loved being a part of the New Writes Program this semester and would be keen to make sure it keeps going in some form next year. I will be doing a script writing masters and did a creative writing A Level so I have some ideas on how to keep the program going and to constructively work on people's new writing, and make sure we make the festival even better next year
