

JOE POCKLINGTON FOR CLUB CAPTAIN

Vote me in for your club captain for 2023/24. I will pledge to do the following:

- Focus on pushing the club forward and building on the great work done by the committee this year
- Ensure there is accountability, transparency and a shared responsibility among the committee to achieve the club's overarching goals
- Increase cooperation with other societies, grow the club's membership and start a fourth team

Why I am a good candidate:

- I have previous leadership experience and have spent three years in the cricket club
- Experience in professional cricket set-ups qualifies me to run high-class training and ensure there is cricket for people of all levels
- Dedication to the club in all previous tasks I have carried out
- Good time-management skills to ensure I am always able to fulfil the needs of the role

The cricket club has been the backbone of my university experience, I want to spend the 2023/24 academic year as club captain, building on the work of previous committee and improving this already great society
