

Sarah for President

- Hej ! My name is Sarah, I founded NorSoc back in 2025 and was its first president
- I am Swedish-French, and I am 3rd year International Relations student currently living in Belgium whilst on placement!
- Creating this society has been one of my proudest achievements at Leeds, I have loved seeing people connect through the socials, and look forward to continuing to promote nordic culture, and nordic friendships next year !

My goals for the society:

- Continue providing fun socials and cultural events for all (fika, nights out, pub quizzes...!)
- Create an inclusive environment that celebrates all nordic cultures, from midsommar to Santa Lucia to May 17, open to all students, including full time enrolled, and exchange students!
- Steer an efficient committee based on respect, which allows all Committee members to contribute and execute their ideas!

My credentials:

- Founder: I created the society, managing socials and recruiting new members all whilst setting up the society and managing the paperwork. I have a good relationship with the SU and a strong understanding of running a society behind the scenes
- Good team work and communication skills from working in a professional environment
