

Daisy for Welfare Sec!!

A bit about me !!

- First year medic (yes I will still be in freestyle and chief in 5 years time 😊 – although it's questionable I'll make it that long with my current social:lecture attendance rate)
- I love love LOVE to dance and have done most styles - competed in both street and technical styles
- CAN baby freeze (no matter what you saw at that pub golf social 😊 – my head is still bruised...)
- 'Heavy's number 1 fan !!! (The obsession I have with that dance is no joke)

(Babies first social nrs take me back)

Why welfare?

- Freestyle society is the most incredible place to grow as a person, learn new skills and make new friends, but it only works if everyone feels comfortable and safe
- I know the pressure that dance competitions can come with, and I adore freestyle for focusing on fun whilst still being sick dancers
- I was so blood nervous at those auditions and first few classes last year, and would love to help those next year to have a smooth and clam transition into freestyle and uni

3STYLE 4 LIFE !!!
