Why should you vote for me?

- I have been a member of Photosoc for the past year, and I have thoroughly enjoyed every event that I have been to, so I am already familiar with the society itself. I have a huge passion for any sort of photography, in particular anything architectural or nature related.
- As president I aspire to arrange fun and engaging events for the members of the society. I am a good listener and will listen to any ideas surrounding the society itself, whether that's from a committee member or a member of the society. I want to create a safe space for all members of the society, where we can all share our passion for photography. I would also love to hold some events with other societies if possible!

Photos I have taken from events this year :)
