

Vote Georgia for Secretary!

As a dedicated Polis student I have a first hand insight into the necessity and importance of POLIS society. I would love to further my participation by taking on the role of secretary, where I can contribute more actively to the structure and success of POLIS.

My Aims:

1. Increase society membership - expand advertising and presence on campus and social media.
2. Help and enable all other committee members to make POLIS the best it can be. Both for its members and in its relations with the union and school.
3. Be approachable to society members for all queries and opportunities!
