

# Viktoria Zame for Training Sec

## About myself

Some background information:

- Currently in my second year studying Economics and Finance
- Massive gymnastics enthusiast - been competing aerobics from the age of 7-12 and then tumbling from 12-15

Fun fact: fluent in Russian and Romanian (born in Russia)

## What can I bring to the committee & society?

- I want to ensure current and new members feel welcome and included in the society as I understand it can be nerve racking joining a society when you don't know anyone.
- Will work closely with Ryan to ensure we deliver a range of training sessions that are as fun and inclusive as possible
- Willing to commit my time to ensure all my responsibilities are met (& more) as a training sec

## You may ask yourself why you should vote for me?

So here's a summarised list:

1. Dedicated -> attend training sessions every week and every comp even if I'm not competing
2. Approachable -> always happy to help with anything
3. Wanted to be in a committee role for a while -> was always willing to be involved with the society as much as I can (ran for vice president position last year)
4. I will cheer until I lose my voice when you're competing (tradition to be the loudest uni at a comp has to continue)
5. Being part of this society is the highlight of my uni experience so far and I'd love to help the society improve and grow further!
6. Bonus: can use my house for socials ;)
