

Vote Nathan Burudi for Treasurer

Hey everyone! I'm Nathan, a [soon-to-be] second year Economics and Maths student from Manchester, and I'm hoping to be your next Treasurer.

About Me

For me, the essence of the Economics Society is the balance between social and economic discussion. This has introduced me to great people who I can honestly say I would hang out with outside of the society.

Admittedly, this role is new to me. However, if trusted with the responsibility of this role, I assure you that I will do my very best and treat the Treasurer position seriously.
