## Relevant Experience

### • OPEN DAYS

As a first year law student, I have attended 4 law firm open days at Herbert Smith Freehills, DWF, Eversheds Sutherland and Linklaters (virtual). Through these open days, I have participated in Mergers and Acquisitions workshops, commercial awareness workshops and antitrust case studies, giving me insight into commercial law, all while expanding my professional network.

### • DISABILITY INCLUSION OFFICER

I was chosen following a successful application as the Disability Inclusion Officer for the Women in Leadership Society's Inclusion Committee. As part of the role, I am tasked to conduct welfare hours, learn about concerns within the university's disabled community, and propose inclusive initiatives like art exhibitions and movie nights to foster a sense of belonging.

### • HEAD OF DEBATE CLUB

I coordinated training sessions, webinars, and facilitated team-building exercises. I also organised club events by presenting proposals to potential sponsors and panel speakers.

### • COVID-19 VOLUNTEERING PROJECT

During the pandemic, I collaborated with volunteers to verify and compile information on vital resources like hospital beds and oxygen cylinders, creating a nationwide spreadsheet for public access. Responding to SOS calls and messages honed my problem-solving and teamwork skills.
