

# Grace Cumberlidge for: Fundraising rep

## About me:

I am a second year psychology student and I have been a member of vertical fitness for 2 years now! I Love everything about the society and I want to get even more involved!

## Why me?

This year, I want to get more involved and make a greater contribution to our society. As I am pursuing a psychology degree and love to help out, I would love to serve as your fundraising representative. I enjoyed all the charity events this year and want to help raise even more money for our chosen charity, Yorkshire Basis.

If elected I will work hard to organise all of our charity events in the coming year and make sure every event is fun and rewarding for all who decide to help out.

## Plans:

I have a lot of ideas for the next years fundraising events and I am excited to help raise lots of money!

## Fun facts about me:

I have been on committee for a year already, I love spin pole and hoop! I love trying new things and I stepping out of my comfort zone. You will always catch me at socials!!
