

EVA FOR SOCIAL SEC

I love an arts and crafts session (even if I'm not very good) and would love to carry on our pot painting and mosaics socials

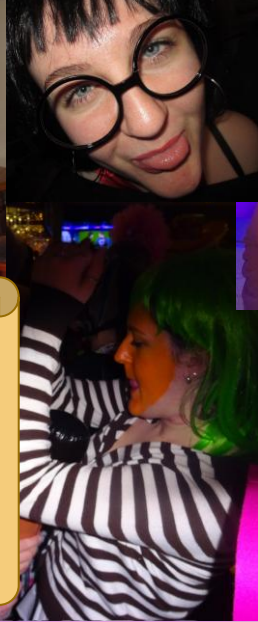

I know how daunting it can be as a fresher turning up to social events, so I'd make a Freshers group chat to help them settle in

I will put as much love and effort into being your Social Sec as I do into kebabs – which is a lot

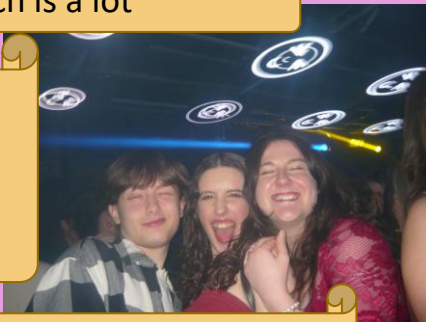

I always enjoy getting dressed up on a night out, I will make sure we have lots of fun themed events

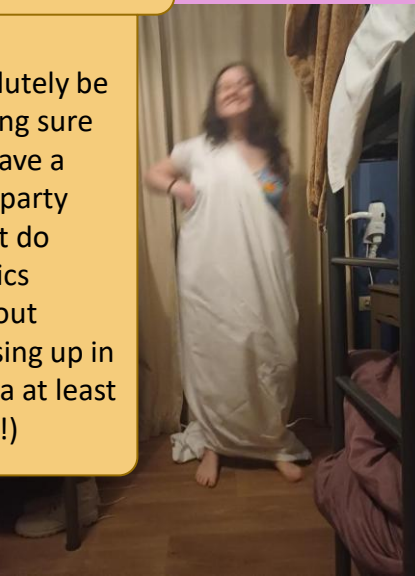

As a Fresher, I loved getting to know the other years on our Athens trip – I would make sure to deliver socials aimed at getting all years involved!

I would always be open to social event suggestions, and would hope to put on events such as F2F, Otley runs, bowling, pub quizzes, murder mystery nights and club nights

I will absolutely be making sure we have a toga party (can't do classics without dressing up in a toga at least once!)

Tomorrow

- Plan 1:
- leave here at 9:50-10:00
- bring passport for cheaper prices done in museum around 12:30-12:45
- get some food
- If people want to do the archeological museum 1:30 ish, leave museum at 3:30
- Could then do temple of Hephhaestus at 4
- Back in room for whenever we're done
- Dinner
- Sunset

You're in safe hands when it comes to planning – here is a foolproof plan I made for our final day in Athens (which didn't go wrong either!)

I hope to be a friendly face for all, especially for the new freshers – does this not look like a friendly face to you?
